## The Vegetarian Myth: Food, Justice, and Sustainability (Large Print 16pt)

By Lierre Keith

ReadHowYouWant. Paperback. Book Condition: New. Paperback. 480 pages. Dimensions: 9.8in. x 6.7in. x 1.3in. Part memoir, nutritional primer, and political manifesto, this controversial examination exposes the destructive history of agriculture-causing the devastation of prairies and forests, driving countless species extinct, altering the climate, and destroying the topsoil-and asserts that, in order to save the planet, food must come from within living communities. In order for this to happen, the argument champions eating locally and sustainably and encourages those with the resources to grow their own food. Further examining the question of what to eat from the perspective of both human and environmental health, the account goes beyond health choices and discusses potential moral issues from eating-or not eating-animals. Through the deeply personal narrative of someone who practiced veganism for 20 years, this unique exploration also discusses alternatives to industrial farming, reveals the risks of a vegan diet, and explains why animals belong on ecologically sound farms. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

### Reviews

*This publication will be worth purchasing. It is written in straightforward words and not hard to understand. I am just very happy to explain how here is the best ebook we have read in my own lifestyle and might be the best publication for at any time.*

-- **Devante Mante**

*This is the greatest book I have read through till now. It usually fails to charge excessive. You can expect to like how the blogger publishes this ebook.*
